Description:Tabloid pages:

Two tabloid format pages are one Berliner format. The basic dimensions are as follows:

Paper format: 315 x 470 (height x width in mm)

Recommended option – see Note

Document format:	option A (spine 20 mm)	313 x 448 (height x width in mm)
Print space format:	option A (spine 20 mm)	286 x 428 (height x width in mm) overfold = 0 mm and overfold = 12 mm

Special option

Document format:	option B (spine 27 mm)	313 x 462 (height x width in mm)
Print space format:	option B (spine 27 mm)	286 x 435 (height x width in mm) overfold = 0 mm and overfold = 12 mm

All the page options of the tabloid format and their positions and dimensions in the electronic document are in the following drawings (Fig. 1 to Fig. 5).

Note: We definitely prefer the option A for the daily newspaper production.

Fig.: 3 Tabloid format for two tabloid pages – odd page – option A

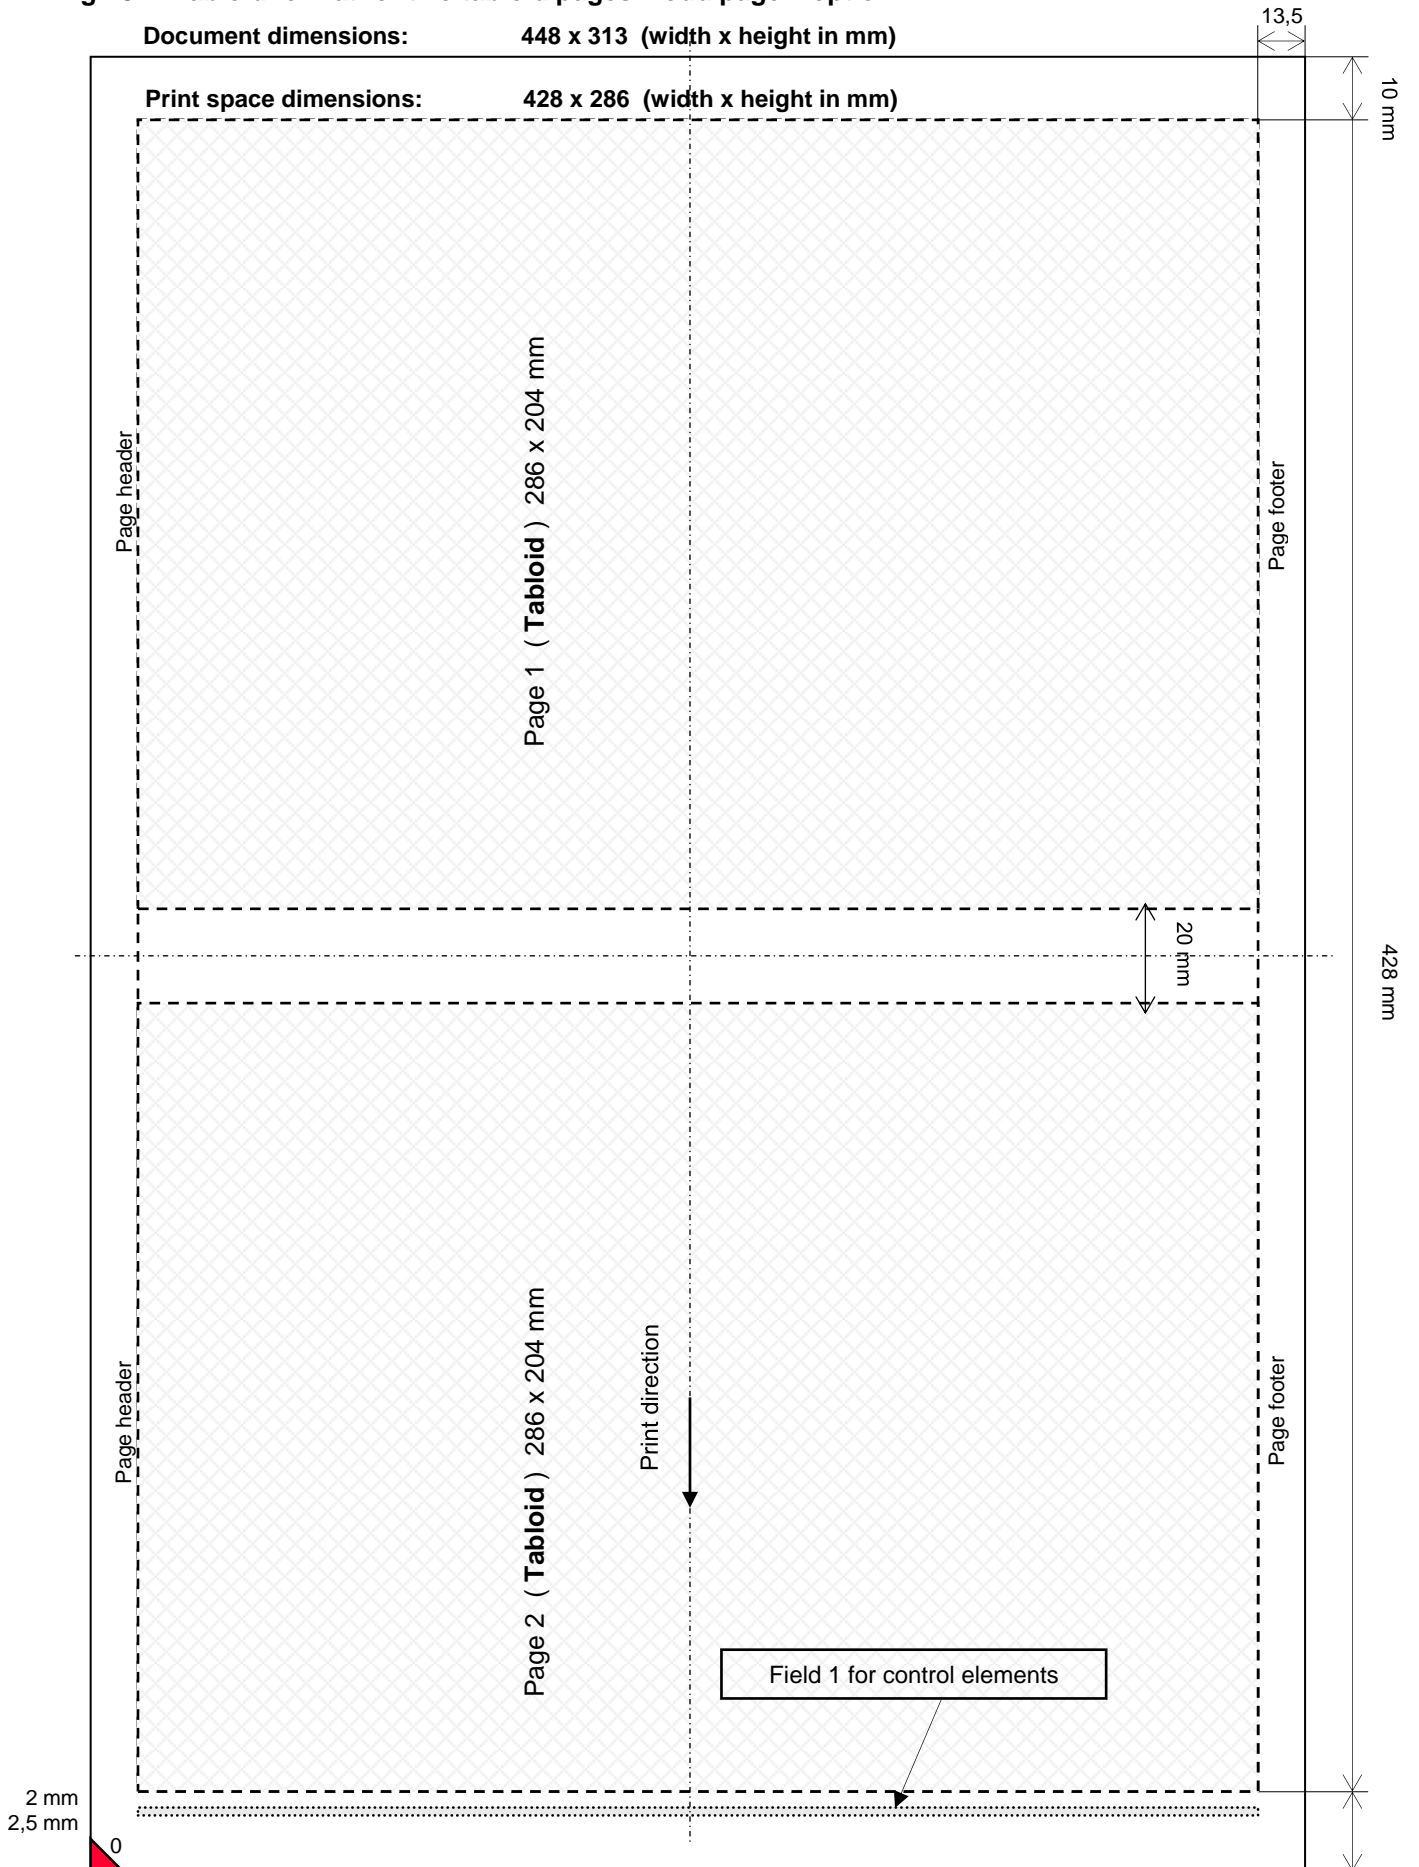

Fig.: 3a Tabloid format for two pages – even page – option A

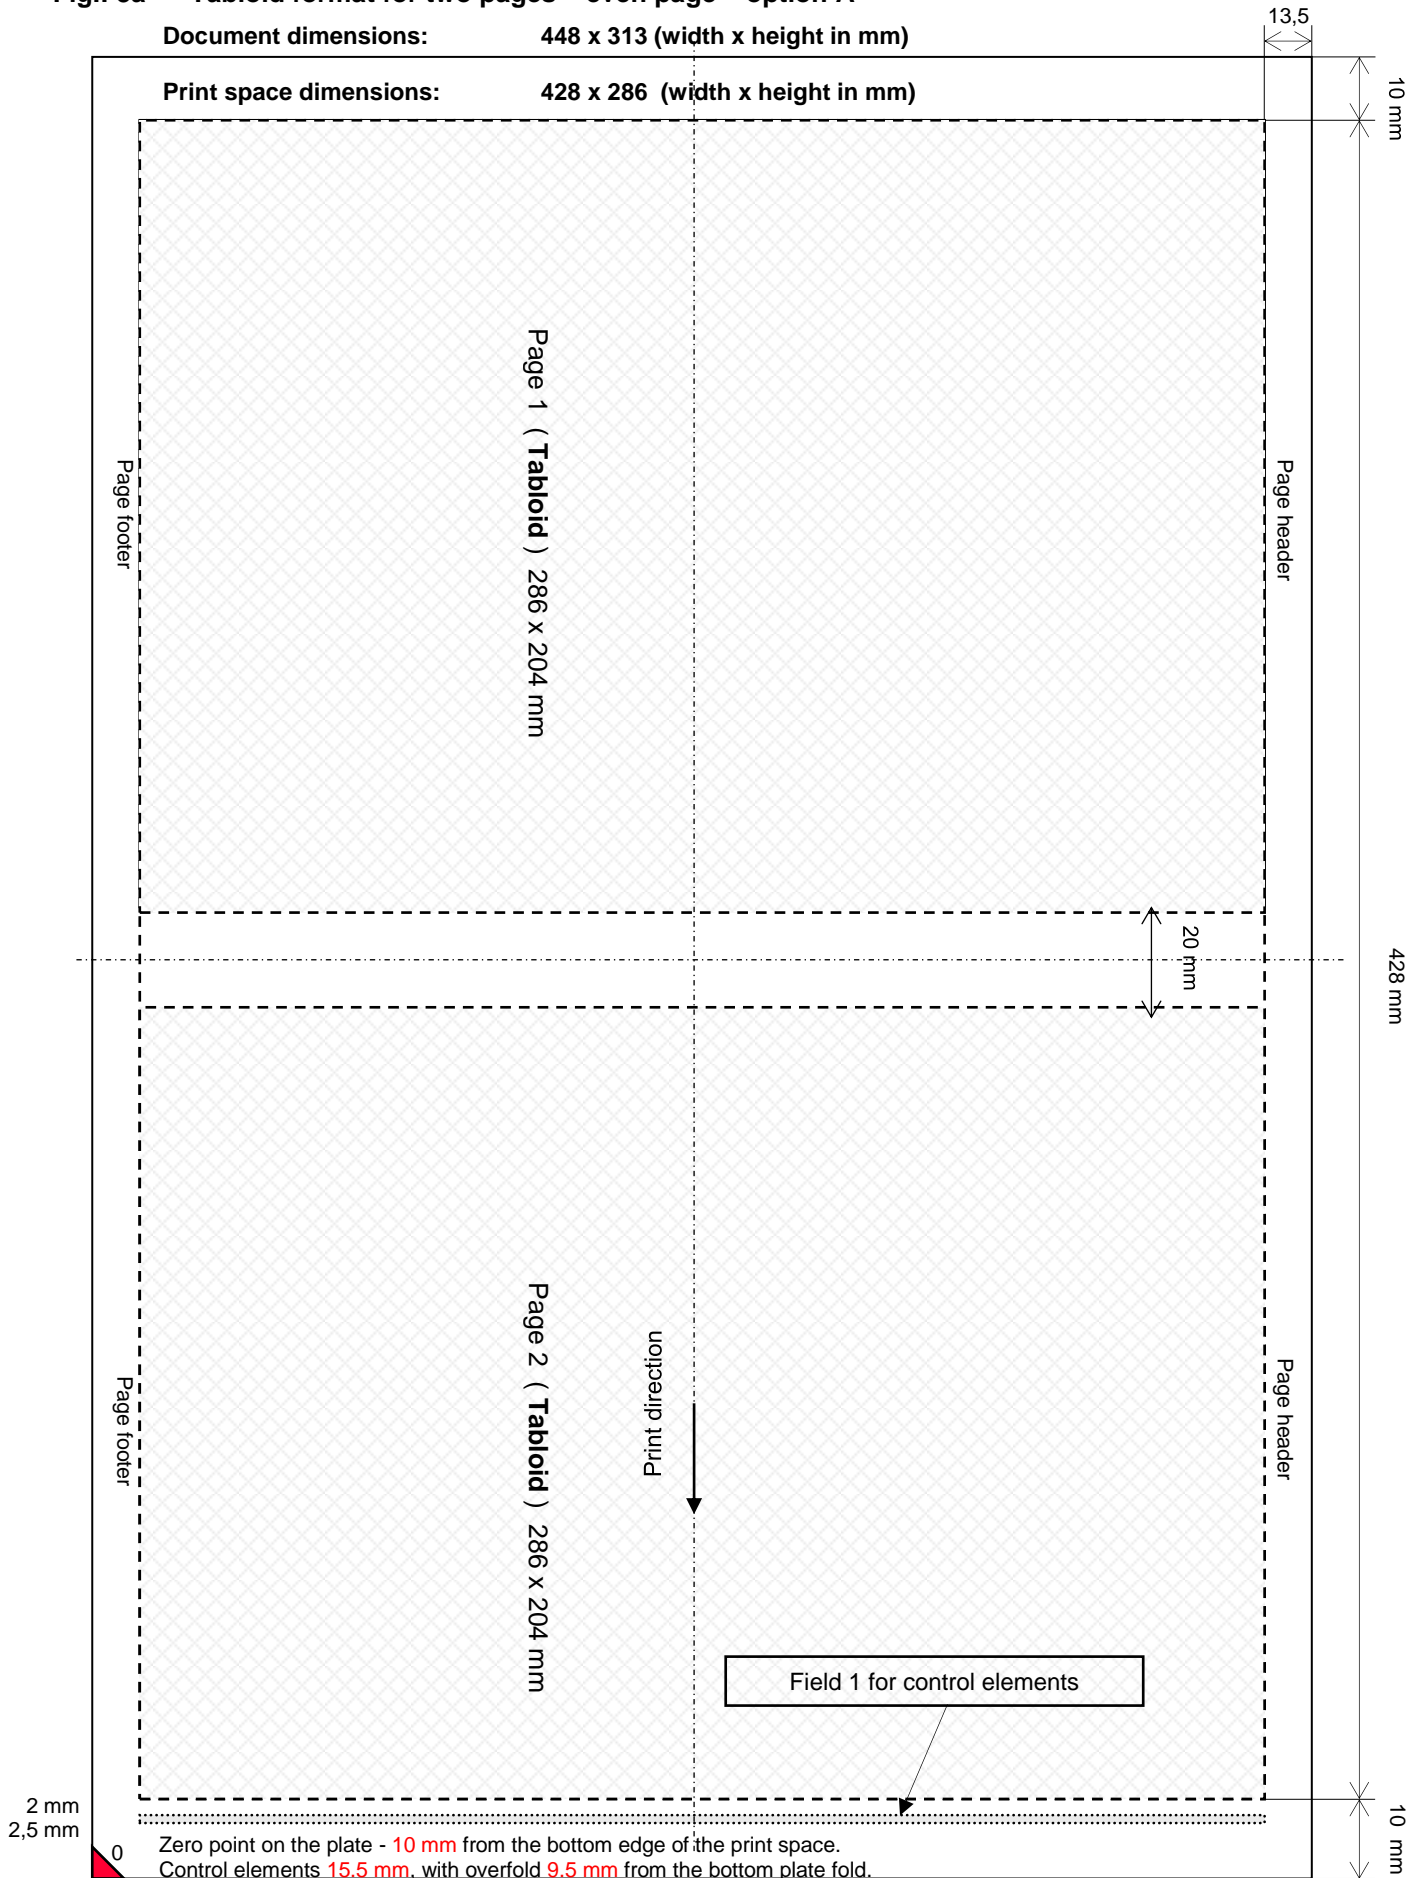

Fig.: 4 Tabloid format for two pages – odd page – option B **Overfold = 12 mm**

Document dimensions: 462 x 313 (width x height in mm)

Print space dimensions: 435 x 286 (width x height in mm)

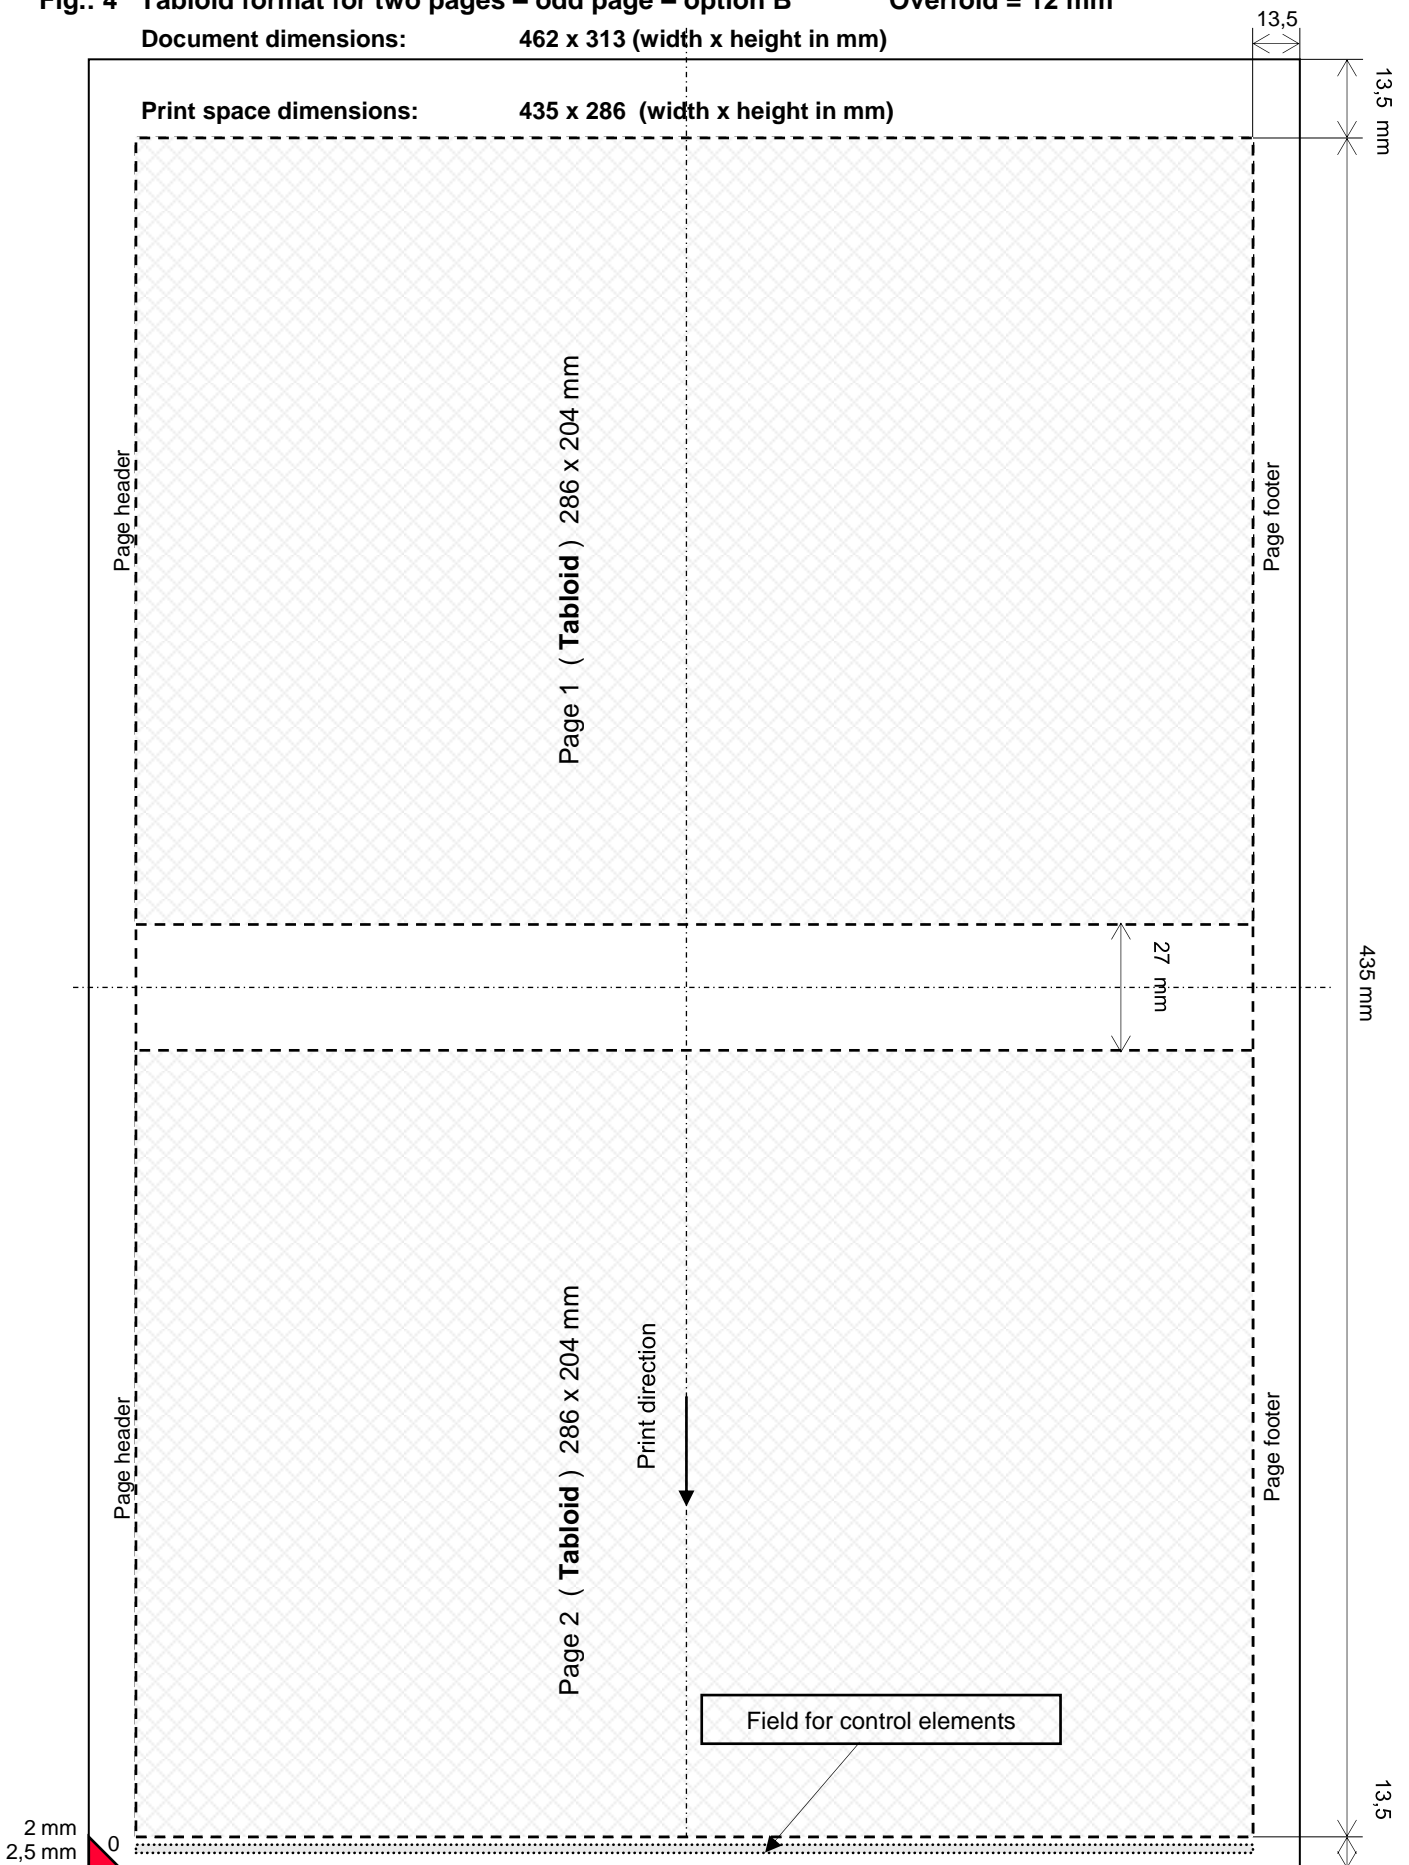

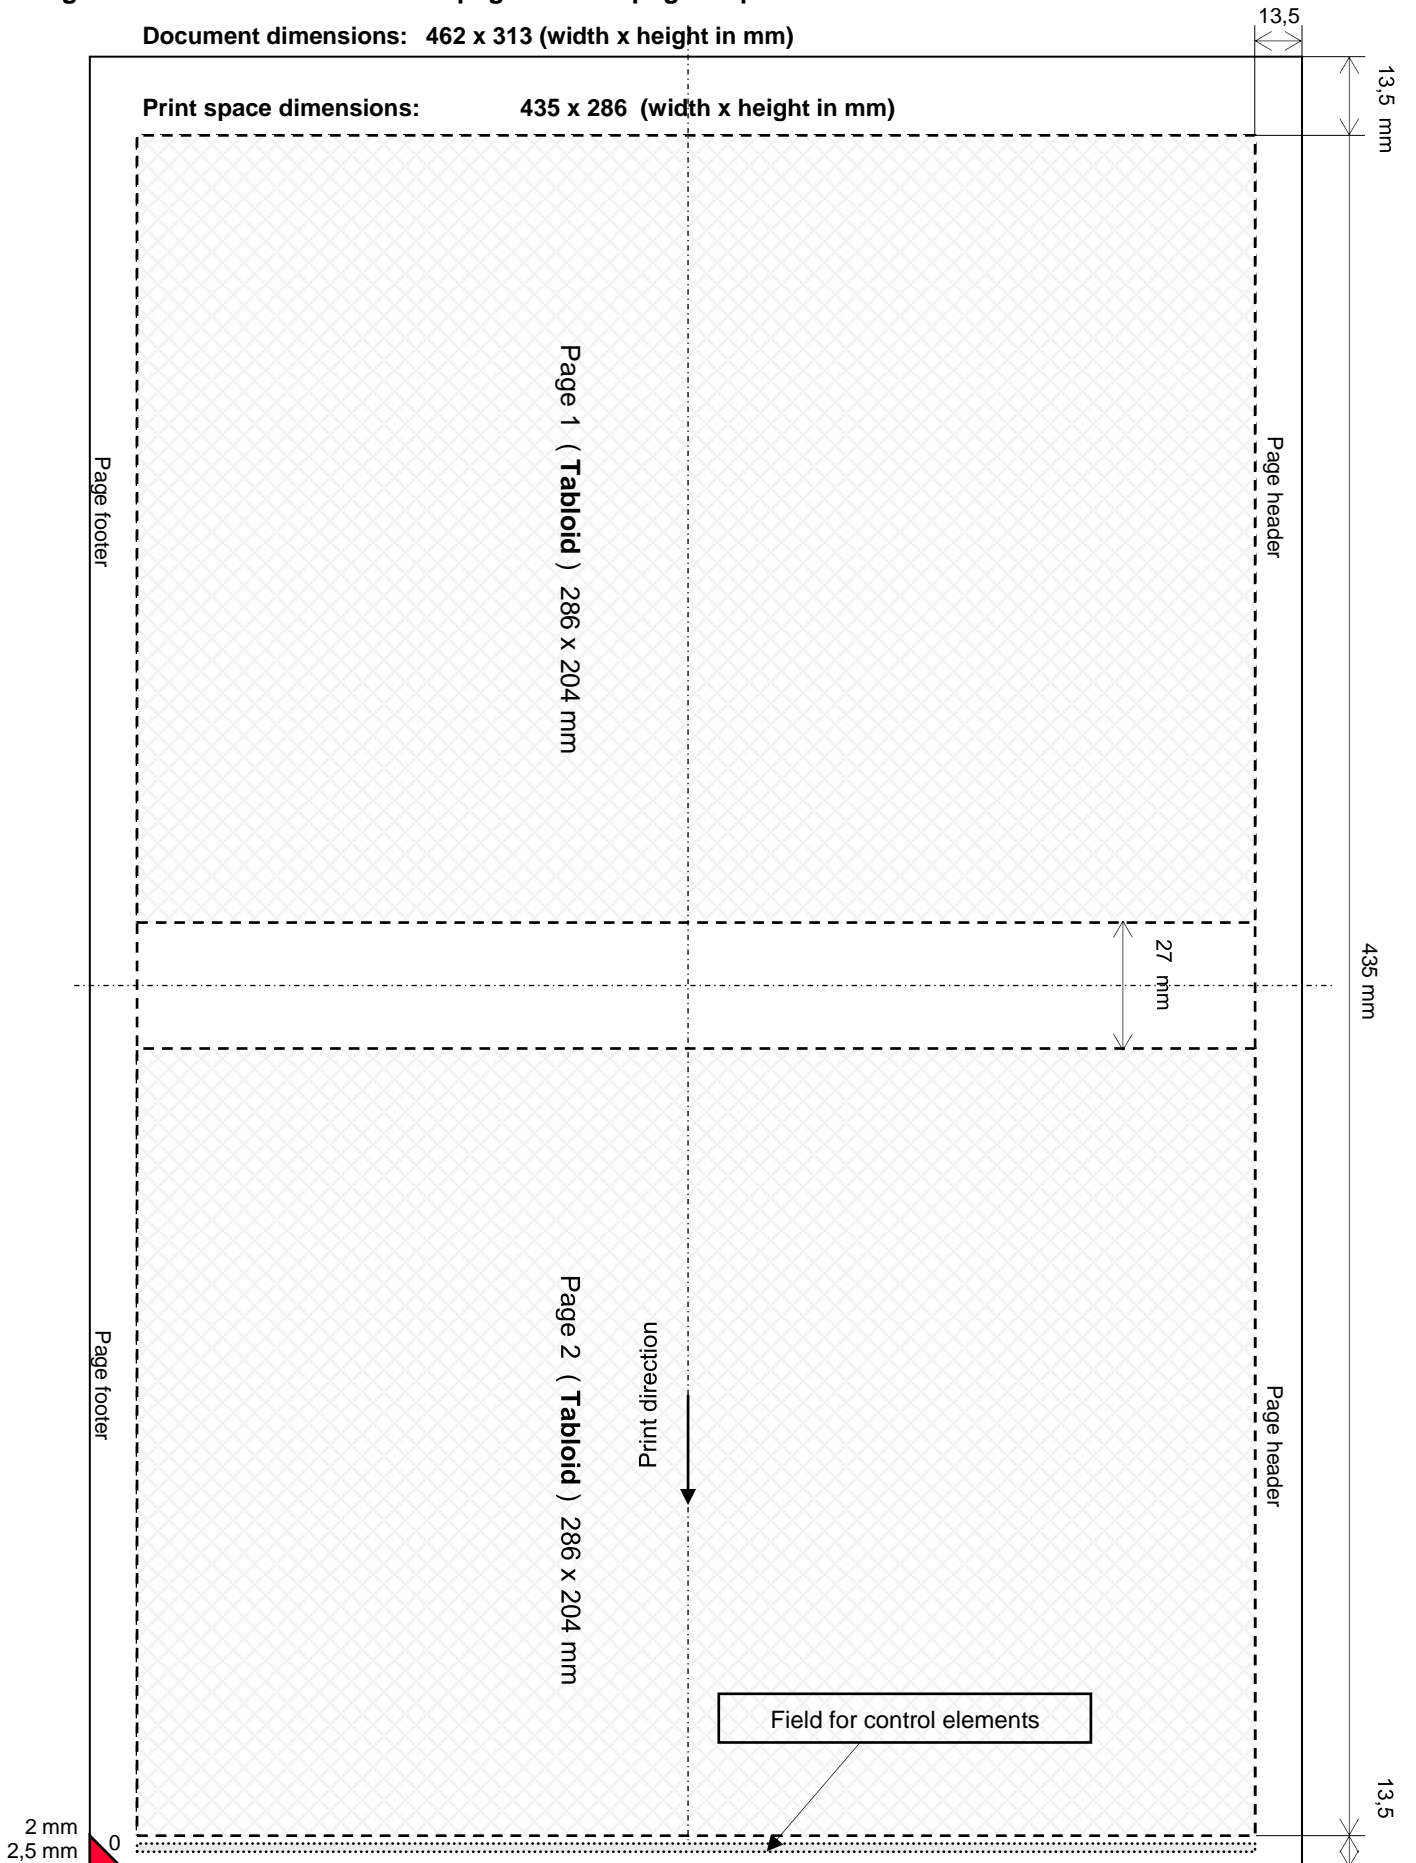

Fig.: 4a Tabloid format for two pages – even page – option B

Overfold = 12 mm

Control elements

Positions of the control elements:

The control elements are in the fields 1 and 2 according to the print character.
 These fields are used in MAFRAPRINT printing plants. The elements are standardly in the field 1,
 see TP (Technical standards) – Berliner format and TP – Tabloid format.
